

WESTWARD IT GOES.

The Financial Troubles Have Reached Helena, Montana.

TWO LARGE BANKS CLOSED

The First National and the Montana National Suspend Payment—They Were the Two Largest Banks in the State, One of Them Being the Pioneer—Other Failures and Financial News From All Parts of the World.

HELENA, MON., July 28.—The financial troubles have reached Helena, and resulted in the closing of two of the largest banks in the state. They were the First National and the Montana National. The First National is the pioneer bank, of which S. T. Hauser is president. Its directory includes some of the wealthiest men in Montana.

For three weeks there has been a steady drain on the banks and Wednesday afternoon the day's business was over there was very little cash on hand. That night the directors met and as a result the following notice was yesterday morning posted on the door:

"We are compelled to suspend business owing to the stringency in the money market, and heavy drafts on deposits and our ability to make corresponding reductions in loans. Our assets are ample, but we can not command the currency to continue payments."

A statement shows assets \$3,771,680; liabilities, \$2,590,732. The bank had a capital of \$500,000, and its business extended all over the northwest.

John T. Murphy was president of the Montana National. It was regarded as strong as the First National. It had a capital of \$500,000 and its statement shows assets of \$1,750,000; liabilities \$900,000. The directors desired a voluntary liquidation, and its close was due to the same reason that forced the suspension of the First National.

At the opening hour the main streets in front of the banks were crowded with people, the largest number being about the Merchants' National. There was a steady run on this bank for three hours, but it came out all right. The officers say they received more cash during the day than was withdrawn. There was no run on the other banks. President Edgerton of the Second National says he made a slight gain in deposits.

Cashier Baird of the Helena National says there was no run on that bank, as also does Cashier Johnson of the American National. There was no hurry among the depositors in the savings banks. The general opinion is that the people have gotten over the excitement and that the banks now doing business will be able to keep open.

The only mercantile failure reported was that of the Thomas Paynter Drug company.

NEW YORK CLEARINGHOUSE.

Over a Million Dollars Worth of Certificates Issued in One Day.

NEW YORK, July 28.—The clearinghouse committee were in session yesterday afternoon. The long conference gave the rumor bureau an opportunity to start the report that a large bank was in trouble, and the announcement of an issue of \$1,350,000 of clearinghouse certificates let some strength to this report. Later the amount of certificates was said to be only \$350,000, but at the end of the meeting the clearinghouse officials stated that the original amount of \$1,350,000 was right.

Their long session, they said, was due to the large amount of work before them in the way of shifting loans, caused largely by the great depreciation in prices. They emphatically denied the story of a bank being in trouble, and said that every bank in the clearinghouse, and so far as they knew, every outside bank in this city, was in good shape. Those who met at the clearinghouse were all of the opinion that the situation was somewhat better, but still serious.

GOLD COMING OVER.

Nearly Three Million Dollars Will Be Shipped From London.

NEW YORK, July 28.—Several of the banks here decided to extend to the large exchange houses any aid which may be necessary to facilitate the importation of gold. Owing to the low rates of exchange, several large houses considered it a favorable time to purchase gold paid to this end, and they approached the banks to ascertain if the necessary accommodation would be extended. The banks replied that every facility would be afforded them, and on the strength of this nearly \$3,000,000 of gold was ordered for Saturday's shipment from the other side. Of this, Lazarus Frere imports \$1,000,000; J. & W. Seligman \$1,000,000; Von Hoffman & Company \$200,000.

The members of the clearinghouse committee wish it stated that the clearinghouse has nothing whatever to do with this arrangement, for importing, it being a matter solely between the various banks and their customers.

CRISIS IN DENVER.

State Troops Called Out to Guard the National Banks.

DENVER, July 28.—A company of Colorado National guards has been on duty in the People's National bank for the past 24 hours. It was feared that in the present excited state of the public mind the developments in the affairs of the bank might lead to an attack on that institution.

President Lawrence and his family left the city yesterday morning and the charge against him was continued to Saturday morning.

The police had their bands full last

night. Several thousand men swarmed in the lower sections of the city, though without any definite purpose in view. Whenever they attempted to congregate or orators attempt to address them the gathering was promptly dispersed. The national guard is on duty at the armory, and any attempt at disturbance will be promptly suppressed.

The chamber of commerce has passed resolutions demanding the removal of Chief of Police Kellogg, who has just entered upon his duties, and the appointment of some men able to cope with the present condition.

BANK FAILURES.

Three Hundred and One Have Taken Place Since May 1.

BALTIMORE, July 28.—A summary of the bank failures in the United States from May 1 to July 22, inclusive, shows that 301 banking institutions, with a capital of \$88,951,033, suspended.

The Manufacturers' Record publishes a complete list of the closed banks by states, also a table which shows that five-sixths of these failures and four-fifths of the capital involved were in the western and pacific states, while only 10 per cent of the failures and 11 per cent of the capital involved were in the south.

In Colorado alone the capital involved was nearly \$2,000,000 greater than the aggregate capital of all the banks that failed in the south. The number of failures in the southern states was 37, involving \$4,392,100; in the western and Pacific states the number was 251, involving \$81,258,933; and in the eastern and northern states 13, with \$2,600,000 capital.

Dullness in the Jewelry Trade.

ATTLEBORO, Mass., July 28.—Owing to the extreme dullness in the jewelry trade, due to the lack of orders from large jobbing houses in the west, manufacturers in Plainville, North Attleboro, Attleboro Falls and this town have been compelled to close their shops. There are no signs of any business during August, and now a petition is being circulated among jewelry makers for a general shutdown until Sept. 1. It has received many signatures and the present indications are that all of the factories will close. In this event no less than 6,000 persons will be out of employment for four weeks or over.

Receiver For a Railroad.

NEW YORK, July 28.—A circular was issued through the office of the vice president of the New York, Erie and Western road notifying the general public and everybody connected with the road that the receivers have formally taken possession of the property. The business of the company and all the auxiliary companies will be operated as heretofore, the circular states. The officials, agents and employees of the corporation continue in their respective positions without change of title. The wages and other salary obligations now being paid will continue to be paid as heretofore.

Lacked Ready Capital.

WILMINGTON, Del., July 28.—A receiver has been appointed for the Wilmington Dental Manufacturing company of this city. The company is perfectly solvent. Its liabilities are about \$200,000; and the assets \$615,000. The firm has enough first class bills due them to pay all indebtedness. The receiver was asked for by the board of directors unanimously. The object was to protect all interested. The company's factories here are still at work. There are branch offices in Philadelphia, Chicago and Washington.

Wants an Extension of Time.

PHILADELPHIA, July 28.—S. H. Morrison, an extensive lumber merchant, suspended business and asked for an extension of time from his creditors. His liabilities are said to be \$100,000. Mr. Morrison says if given from three to 12 months he can cancel all liabilities and have a balance of \$50,000. He also says he can pay off 25 per cent of the entire indebtedness now, if given these extensions.

New Bank Closed Up.

MOUNT STERLING, Ky., July 28.—The new Farmers' bank of this city has closed its doors. The failure was caused by an inability to realize on its paper. The deposits are about \$250,000. The bank holds first class paper to the amount of \$600,000. The depositors will be paid in full and the officers of the bank hope to be able to resume in a short time. The capital stock is \$250,000.

Financially Embarrassed.

BOSTON, July 28.—Ticknor & Company, publishers, are financially embarrassed, and have made an assignment to Colonel Charles Fairchild. Besides the book publishing business, the firm publishes The American Architect. It is thought that they will have no difficulty in affecting an amicable adjustment.

Foreign Gold.

NEW YORK, July 28.—The United States assay office received \$310,000 in foreign gold. The Hanover National bank expects to deposit \$295,000 in foreign gold. All of this gold was received from Europe and the West Indies this week.

Another Kentucky Bank Closed.

MIDDLESBORO, Ky., July 28.—The First National bank of this place closed its doors. The First National had a capital of \$50,000 and its individual deposits aggregated usually \$80,000.

Lime Dealer Assigns.

BOSTON, July 28.—A. C. F. Sorrell, dealer in lime and cement, has assigned. The liabilities are about \$30,000 and the nominal assets about \$12,000.

BUENOS AIRES, O., July 28.—Jacob Schaal, living near Spare, committed suicide by hanging himself. He was 42 years old and leaves a wife and two children. Financial trouble was the cause.

QUIETING DOWN.

The Denver Lynching Not Followed by Any Other Trouble.

DENVER, July 28.—It was feared that the lynching of Arata might have the effect of making the lawless element of the city bolder in their operations, especially with so many unemployed men about. Mayor Van Horn issued the following proclamation:

"All citizens of Denver who prize the good name of our city and state are earnestly requested at this time to refrain from congregating on the streets and elsewhere, and speakers are requested to abstain from addressing all assemblages of laboring men and others. The state, county and city are doing everything possible to help the needy. Let us have no unnecessary excitement."

Officers have been stationed in all the tough sections of the city who promptly report any suspicious gatherings. The Italian section especially is carefully watched. Sheriff Burchinell quietly slipped Naori, the accessory to the murder of B. C. Lightfoot, to the penitentiary at Canon City to avoid a repetition of Wednesday night's outbreak.

It had been rumored about the city that an attempt would be made to lynch him.

Details of the national guard have been on duty visiting the gun stores of the city to see that no suspicious quantities of ammunition might be distributed among the incendiary.

It is the general opinion that no steps will be taken to prosecute any of the ringleaders of the mob, though a few of them will probably be indicted.

The coroner began an inquest on the body of Arata but it was secret and nothing has been given out.

Governor Waite has been criticized severely because of his well known antipathy to capital punishment. It is claimed that the certainty of a reprieve should Arata be convicted and sentenced to death had much to do with the friends of the murdered man taking the law into their own hands.

WRECKED BY DYNAMITE.

Saloonkeeper Unheeded the Warning and His Place is Obliterated.

BROOKLYN, Ind., July 28.—George E. Moss has been running a saloon here for some time. This did not suit the better class of citizens. Last night some one placed dynamite under the building, blowing up the saloon. No one was injured. This is the second time that a saloon has been blown up here. One saloonkeeper was given 40 lashes and several others received notice to withdraw or suffer the consequences. They accepted the advice and withdrew.

It is a noted fact that a saloon can not long survive in this place. There is a condition in all of the original deeds that if liquors are ever sold on the premises the land returns to the possession of the original owner, Mr. Franklin Landers. This condition was tested in the Morgan county courts about a year ago and was held to be good.

Incendiary Fires at Cleveland.

CLEVELAND, July 28.—During the past week something like a dozen incendiary fires have occurred, causing more or less loss. Last night the watchman at the city hall, in making his rounds through the corridors of the building, met a strange man, who fled toward the main entrance on the watchman's approach. On investigation it was found that a pile of dried leaves and other combustible material had been piled together and covered with lath. The watchman's timely arrival undoubtedly averted another incendiary fire. The would-be firebug made his escape.

Floods, Colo., Flooded.

PUEBLO, Colo., July 28.—Thursday morning the Arkansas river came rushing out with tremendous flood. The lower portion of the city is threatened with inundation. The city hall has now six feet of water on all sides of it and all the basements in that block are filling. Hundreds of people living in flats have fled to higher grounds. The water works were compelled to shut down as flood. The loss will approximate \$100,000.

May Result in Murder.

COLUMBUS, O., July 28.—At St. Francis' hospital is a case of probable third murder in Columbus since Sunday. Monday night Ray Mahonna and Frank Brunner, young men, quarreled, and Brunner struck Mahonna on the head with a stone. Hemorrhage set in and Mahonna is in a critical condition from loss of blood. The other two murders were Theodore Meisse, shot by Dr. Hirschberg, Matt Parker, colored was mysteriously murdered.

The Scaffolding Gave Way.

PORTLAND, Ind., July 28.—A scaffolding upon which three men were standing, engaged in painting the Lake Erie and Western depot at Redkey, gave way and all the men were thrown to the ground. Jos Ross of this city had both ankles sprained and the bones in his feet broken; Harry Woolery of Lima, O., had his arm broken, and the third man escaped uninjured.

The Latest Fishing Story.

MARTIN'S FERRY, O., July 28.—James Hanes, who is fishing near Powhatan, Belmont county, went in bathing. One of his fellowfishermen saw him struggling in the water and went to him in a skiff. Hanes was almost drowned, and when he was pulled out of the water a seven-foot eel was wrapped around his left leg.

Grocer Assigns.

ALEXANDRIA, Ind., July 28.—J. D. Wallingford has been appointed receiver of the Diamond grocery store, A. B. Crawford, proprietor. The store was at one time the leading grocery of the city.

COLLECTOR HENDRICKS' SIDE.

Secretary Carlisle Gets a Remonstrance in the Chinese Visiting Case.

NEW YORK, July 28.—The Tribune Thursday said:

When John G. Carlisle, the secretary of the treasury, opens his mail at Washington today, he will find a dignified yet firm protest from Francis Hendricks, the collector of the port of New York, against the order issued by George S. Hamlin, the assistant secretary of the treasury, withdrawing from him the right to pass upon the certificates of the Chinese merchants and students who leave or enter this port.

Accompanying the letter is the report which Deputy Collector J. J. Couch has made to the collector in regard to the admission of Lee Yih, the Chinese, on account of whose admission J. Thomas Schaff, a recent appointee in the special agent's department, has made charges.

Mr. Couch's report shows that the charges are incorrect. Just before Collector Hendricks sent off his letter, Chao Chang Tseng, the Chinese consul at this port, accompanied by his private secretary, called upon him. The Chinese consul was considerably agitated over the report that the collector had been deprived of the right to pass upon the certificates of Chinese.

"I can not speak for my predecessor," he said, "but since I have been here I have taken the utmost pains to inform myself regarding every man who has applied to me for a passport, and I have taken great care to learn that everything was all right concerning him. This order comes as a great hardship at this time. Just now a considerable number of Chinese merchants wish to start for China, to buy goods and this order will interfere with them greatly." The Chinese consul's complaint will be forwarded to Washington.

THREAD FEELS IT.

The Clark Thread Factory Will Run but Part of the Time.

NEWARK, N. J., July 28.—The employees of the immense works of the Clark O. N. T. Thread company, located at the north end of this city and in Kearney, were surprised Wednesday on reading the following notice posted on the gates:

The employees of this company are hereby notified that until further notice the company's employees of the mill will work from 7 a. m. to 4 p. m. daily, Saturday excluded.

CLARK O. N. T. THREAD COMPANY.

The employees have been working 10 hours a day and half a day on Saturday, making 55 hours a week. About one-half of the operatives work on time and the other half on piece work. The short time will reduce the pay of the piece workers about one-third. Several of the foremen of the company stated on account of the stringency in the money market and the sharp competition their agents encountered in different parts of the country, they were unable to place their usually heavy orders for the full trade. The company have on their pay list over 1,600 hands and the action in reducing the hours of labor will be severely felt, especially in Harrison and Kearney. It is rumored that the Marshall Linen Thread and Mile End Thread companies will go on three-fourths time next Wednesday.

Will Send Them East.

DENVER, July 28.—The committee appointed to devise means of taking care of the unemployed met in executive session Wednesday, and it is said that the idea of sending the destitute to their friends in the east was revived and decided upon as the best course. It is understood that a \$5 rate has been made over all the railroads from here to Chicago or intermediate points.

Pension Money.

WASHINGTON, July 28.—The secretary of the interior has made a requisition upon the secretary of the treasury for \$13,500,000 on account of pensions. Of this sum the following amounts will be sent to western agencies for the quarterly payments, which begin Aug. 4: Topeka, \$3,600,000; Knoxville, \$1,900,000; Louisville, \$1,200,000; Indianapolis, \$2,700,000.

Could Not Raise the Money.

HARRISBURG, July 28.—The American Tube Iron company, located at Middletown, has gone into the hands of a receiver. The company has no judgments or bonded indebtedness against it, but could not raise funds owing to the stringency of the money market. It is one of the largest concerns of the kind in the country.

Body Recovered.

CHICAGO, July 28.—The dead body of Miss Ethel Chase, a world's fair visitor from Everett, Mass., who was drowned in the lake by the upsetting of a yacht about two weeks ago, was recovered in the lake at the foot of Schiller street by the police yesterday. The remains were removed to the morgue until her friends can be notified.

A Dutch Sculler With Us.

NEW YORK, July 28.—J. K. Ooms of Holland, 26, a sculler of some repute, arrived on the steamer Winchester from Rotterdam. Ooms was winner of the diamond sculls at the Henley regatta last year. He intends going to Chicago, where he will enter in all the big races during September.

The Kaiser Goes Visiting.

BERLIN, July 28.—Emperor William sailed Thursday morning for Kiel for Cowes, Isle of Wight. He is not expected to arrive at Cowes until Saturday. The Prince of Wales, on the royal yacht Osborne, will meet the emperor in the Solent.

The Hon. Robert H. Foss Dying.

DOVER, N. H., July 28.—The Hon. Robert H. Foss of Chicago who is visiting here has had a paralytic stroke and is at the point of death.

HORRIBLE SUICIDE.

A Massachusetts Man's Mode of Taking His Life.

A PATHETIC CASE AT CHICAGO.

W. H. Irving Fills His Mouth With Powder and Explodes It—Out of Work and Tired of Life For Two Years, He Had Lived Thus Long Only For His Baby's Sake—It May Have Been a Murder.

CHICAGO, July 28.—Tired of life, W. H. Irving of Charles street, Winthrop Beach, Mass., committed suicide some time during the night or early in the morning on the lake shore. The method used was horrible and most revolting.

A partly filled can of powder by his side and the torn and mangled face indicated that the suicide had filled his mouth with powder, and then probably with a lighted match had caused it to explode.

A hasty search of the body told the remainder. In the pocket of the coat was found a notebook in which was found this information:

My name is W. H. Irving of Charles street, Winthrop Beach, Mass. In case of accident or serious illness, notify Mrs. W. I. Irving at the above address.

Note to City Authorities—Do not send my body home, as my wife has no money to bury it. Don't bury me in a pauper's grave. I have been tired of life for the last two years, but have lived for my baby's sake. I can not live longer. I have no work and am out of money. This world is but a stage, and the curtain has rung down upon one of its main scenes.

W. H. Irving.

The man was about 40 years old and was well dressed.

Many who visited the morgue and viewed the remains of the man thought to be Irving and read the letter in which he said he had been out of work and his wife had no funds, expressed to the police a belief that possibly it was not suicide, but a mysterious murder. In the first place the body when found was as hard and cold as a corpse would be only after many hours of dissolution.

The clottings of blood were not of the nature of arterial blood, but resembled more the blood that might have oozed from veins or the pulmonary artery. The clothes are such as a man with good taste and plenty of money would wear. The linen, too, bore out the impression that the man had not been in destitute circumstances. An expensive straw hat, found near the body and marked with some unintelligible initials, makes it seem more mysterious.

"I think," said a detective, "that instead of an extraordinary suicide we are confronted by a very mysterious case of murder. That can of gunpowder is similar to thousands of others that the Dupont company makes, but we have not been able to learn at the places at which gunpowder can be obtained, who purchased it or any record of the sale. No one heard a report and certainly the explosion of such an amount of confined powder would have created considerable of a report. No one saw the man go to the spot. Furthermore there were many footprints in the vicinity of the body, evidently made by more than one person, and they could not have been very old."

WANT TO WEAR PANTS.

The Governor of New York Confronted With a Peculiar Request.

ALBANY, July 28.—Governor Flower has received the following letter from two women of Italy, Yates county, whose names are withheld from publication:

ITALY, N. Y. July 26.

Mr. Flower: DEAR SIR—This communication may be a little odd, owing to a scarcity of farm help we are compelled to do a man's work on the farm, and petitions being very inconvenient, we want your consent to our donning the dress of the sterner sex. We will use it for no illegal purpose and will be very glad of your countenance in our plans. We await your pleasure with anxiety.

Baron Von Weiderhold Dead.

CLEVELAND, July 28.—Baron Eberhardt von Weiderhold, a reporter on the German newspaper, Waechter America, died from an overdose of morphine. Baron Eberhardt von Weiderhold was born in Wurtemberg, Germany, and came to this country 13 years ago. His father was a baron, and was at one time minister of war of the kingdom of Wurtemberg. At the death of the baron, Weiderhold's older brother inherited the fortune and title, which induced the younger man to emigrate to America.

Arrested For Attempted Murder.

FRANKLIN, Ind., July 28.—Albert Curby, who participated in a shooting affray, in which Horace Nichols was thrice wounded, has been arrested. He claims that the first shot was fired by Nichols, and he exonerates his brother, Horace Curby, who is under arrest, of any complicity in the affair.

Fatal Fall.

WARREN, O., July 28.—J. H. Wheeler, a well known contractor at Niles, while engaged on the roof of the new school building at that place, slipped and fell through the interior of the building, fracturing his skull and sustaining internal injuries, which will prove fatal.

Tired of Living With Minnie Palmer.

LONDON, July 28.—John Rogers, husband of Minnie Palmer, the well-known American actress, has instituted proceedings for a divorce from Miss Palmer.

WEATHER INDICATIONS.

Continued fair to-day, followed by show.

HERE'S some excellent advice from the Frankfort Capital: "There was much kicking against the Legislature that has just concluded its labors. Now is the accepted time to kick against the next one. Kick to-day, to-morrow, every day, until none but the proper men are nominated and elected. The matter is in the hands of the people; if they do not do their duty no one is to blame but themselves."

ALL the manufacturing interests of the South are growing rapidly, says Blue and Gray. "It seems only yesterday that the fires were lighted for the first time in the pioneer furnaces of Birmingham and Bessemer, Ala.; it seems only yesterday that it became noised about that these young cities were destined to rival Pittsburgh and Allegheny in the extent of their production of iron and steel, in at least certain forms. The smile of incredulity which this declaration caused, has hardly faded from the faces of all men yet; but Southern iron and steel are at the front and there to stay, and all manner of Southern manufactured products are now commanding a high place in the markets of the country and of the world."

The New York Recorder gives a good square meal for meditation in the following words:

"The business health and vigor of the country are asserting themselves with daily increasing effect. The conviction is now everywhere felt, except in a few panicky spots in the far West—where some few persons, like Governor Waite, have lost their heads—that the country is not poor, but rich; that its resources are not scanty but vast; that its credit is not weak but stronger than that of any other Nation in the world; that its banking and business fabric is sound, honest, and able to stand any conceivable strain except that of a usual, senseless panic, and that any panic of that kind will not be permitted in the present temper of the people."

Let the public realize that this is the truth, and keep it constantly in mind, and thereby endeavor to coax that lost or wandering confidence back to its bosom.

David B. Hill in the Senate.

Mr. Hill's influence in the senate is very much greater than is generally believed, though it may not be strong enough for a contention with the administration. In a measure Hill has taken the place of Gorman in the senate. All the friends that Gorman lost in Chicago Hill gained, and this gives him sufficient power in the senate to make himself quite disagreeable to the administration if he desires to do so. The assumption, however, that he is going to put on a coat of war paint and carry a bowie knife in each boot and a brace of six shooters in view does not give sufficient credit to his discretion and skill as a political wirepuller.

Notwithstanding the bitterness of feeling which is provoked by the New York senatorial fight, it may be depended upon that Mr. Hill will not appear in the senate in the attitude of an open opponent of the administration. There is good reason for believing that Mr. Hill will not only decline to pose as the leader of an opposition, but in spite of all the affronts he feels have been put upon him he will support the administration in most matters. Where trouble is looked for by those who are skimming over the surface is with relation to the confirmations. There is a notion of some people that Hill will make a fight at every opportunity. They are probably mistaken. Men who are pretty familiar with the situation and know Hill very well believe that he will follow no such line of policy, but will approve everything and every person passing his test of Democracy.

It is believed the only thing Hill has in view is to stand on guard to prevent the preferment of Mugwumps. His test of party qualifications will not be personal support of himself. But he hates a Mugwump.—Washington Star.

A Supposed Cholera Victim Alive.

In the beginning of September a doctor went from a small German town to Hamburg to assist among the cholera patients. Five days after arriving there news reached his home that in following his profession he had fallen a victim to the deadly disease. His previous thriftless career was immediately forgotten, he was mourned as a martyr and all sorts of laudatory compositions were dedicated to his memory. A lady to whom he had been betrothed was among the mourners.

A sensation has been caused in town now by the news that the young man's mother has received a letter from America in which the son who was supposed to be dead informs her that he is very well, and explains that while at the hospital in Hamburg he had placed his card in the pocket of a man who had died of cholera, and who, resembling him in features, was buried as the doctor.—London News.

COUNTY COLLINGS.

Items Picked Up by the Bulletin's Correspondents in Mason and Elsewhere.

CONCORD, LEWIS COUNTY.

Concord's leading society gave a very pleasant excursion Saturday evening on the steamer Reliance from this place to Rome, Ohio, in honor of Miss Good Doyle, of Fremont, Neb., the pleasant guests of the Misses Traber. The party left the landing at half past seven, arriving at Rome at half past eight, spent an hour very pleasantly in Rome, being delightfully entertained by Mrs. Rathbone, hostess of the hotel at that place, after which they repaired to the boat, where the ladies served in elegant style ice cream and cake. The evening was spent very pleasantly in music, dancing, singing and fire-works, and one long to be remembered and when the party separated it was with many sad regrets. Among those present were: Miss Good Doyle, Misses Traber, Fannie Ort, Lizzie Montleth, Maud Burns, Nellie Morrison. The gentlemen were: Mr. Tom and Lloyd Morrison, John Arthur, H. R. Burns, Ernest Hisey, Lewis Montleth, Chas. Kimble, Elmer Cropper, Will Ramsey. The party were chaperoned by Mr. J. T. Ort and wife, Mr. Morrison and wife and Mrs. L. C. Hisey. The entire party desires to return thanks to the crew for their kind treatment and especially to Captain Williamson.

TONSY.

LEWISBURG.

The home of Mr. and Mrs. S. M. Strode was a scene of gaiety on the night of the 26th, when a pleasant party of young people assembled to celebrate the birthday of their daughter, Eliza Dudley. The evening was spent in pleasant games until 10 o'clock, when delightful refreshments were served, after which the festivities were resumed until the "wee wee wee" hours. The young hostess was assisted by her sisters, Misses Beale and Mattie, and her cousin, Miss Marie A. Strode. Those present were Misses Eliza D. Strode, white mull, lace trimmings; Carrie Long, white swiss, lace trimmings; Anna L. Carpenter, white mull, red trimmings; Mabel Berry, embroidered swiss, flowers; Rosa Wood, embroidered swiss, blue trimmings; Lizzie Berry, cream crepe de chine lace; Fannie Tuggle, white swiss, flowers; Lena Gaither, cream chalice, pink trimmings; Mattie Wood, flowered swiss, red trimmings; Lula Alexander, white swiss, red trimmings; Julia Downing, white mull, blue trimmings; Julia Steers, white mull, lace trimmings; Lena Alexander, black silk, black lace trimmings. Gentlemen: Thomas Dodson, Joseph Lee, Joseph Wood, Stanton Clift, Richard Wheatley, Riley Gaither, Morris Alexander, Harris Alexander, Gaar Strode, Alex. Strode, J. P. Gaither and Professor T. Chandler.

"SPEAKING of the low price of wheat," says Mr. John Divine, of Mercer County, to the Harrodsburg Democrat, "in 1855 the crop was the best I ever saw, and there was a reasonably large acreage that year. In the summer the highest price paid for it was 50 cents. However before Christmas of the same year wheat jumped from 50 cents to \$2.50 per bushel and the buyers were eager for it at that price."

Only Cholera Morbus.

PHILADELPHIA, July 28.—Dr. Benjamin Lee, secretary of the state board of health, sent Medical Inspector Atkinson to Chester to investigate the death of the Austrian who died there from what was reported to be cholera. Dr. Atkinson made a thorough investigation of the case, and found that the man died from aggravated cholera morbus.

Four Days a Week.

GLASGOW, July 28.—A conference of Scottish miners was held here to consider the crisis in the coal mining industry brought about by the refusal of the Miners' federation to accept any reduction in their wages. The conference decided to restrict the Scotch output by ordering the men to work only four days in a week.

All the Wounded Recovering.

AKRON, O., July 28.—All the wounded in the wreck near this place are getting along very nicely. Several have so far recovered that they have either gone to their homes or have gone on to Chicago. It is not expected there will be any fatalities.

Religious Notes.

The Missionary Society of the M. E. Church received during the last fiscal year, \$1,257,372.92. This is \$24,000 more than was appropriated, and \$30,000 more than was raised in the preceding year.

Dr. Laws, who has returned from missionary work in Africa, says that on the banks of Lake Nyassa, which a few years ago was the habitation of cruelty, there are to-day christian schools with 150 teachers and 7,000 scholars.

A new Theological Seminary is about to be established by the Southern Presbyterian Church at Louisville, Ky. The synods of Kentucky and Missouri are co-operating in this movement. The projected institution has already received \$50,000, which will be used for site and buildings and the endowment has almost reached \$100,000.

The phenomenal growth of the Baptists in the United States in the past twenty years is best illustrated by the following statistics: In 1872 there were 1,486,000 Baptists. In 1892 there were 3,269,000. In 1872 they numbered one in every twenty-six of population, now they number one in twenty. While the population has come short of doubling, the Baptists have more than doubled in that time. In 1872 the total amount of property and endowments belonging to Baptists Colleges and Theological Seminaries was \$3,467,000. In 1892 it was \$26,000,000.

PRIMARY ELECTIONS.

Additional Information in Regard to the New Law on This Subject.

Primary elections are placed on exactly the same footing as regular elections, and all the penalties for fraud apply. Anything which is an offense in an election is also an offense in a primary and punishable in a like manner. The polls must be opened from 8 o'clock in the morning until 4 o'clock in the afternoon, and all the saloons must be closed on the day of the primary. There seems to have been some doubt expressed as to the closing of the saloons, but it is set at rest by section 10 of article 13, of the State Election law which provides: "Whoever sells, loans, gives or furnishes to any person or persons, either directly or indirectly, spirituous, vinous or malt liquors, or any intoxicating drink, in any precinct, town, city or county of this Commonwealth, upon the day of any general or primary election therein, shall be guilty of a misdemeanor, and upon conviction thereof shall be fined the sum of not less than \$25 nor more than \$50 for each offense."

The method of voting is precisely the same as in a regular election, except that each voter must stamp a cross in the square after the name of each person for whom he intends to vote. This differs from the rule in regular elections when an elector who desires to vote a straight ticket can stamp the device at the head of the column, and thus vote for all whose names are printed below.

In Maysville only those who are registered regularly and those who are specially registered on the day of the primary under the affidavit clause of the law, which makes provision for all who were prevented from registering by sickness or necessary absence, or who have become eligible to vote since the last registration, can vote in the primary.

There is nothing in the law prohibiting any person from offering his name as a candidate, provided he complies with the terms laid down by the committee.

Every possible precaution has been taken in the law to prevent fraud under the affidavit clause. All those who were prevented from registering from any of the causes set forth above, and who desire to register, must apply at the polls of the precinct in which they live on the day of the primary and make affidavit to the fact that they were prevented from registering at the regular time because of some legal reason, and must also produce the affidavits of at least two residents and voters of the precinct setting forth the fact. Where sickness is given as a failure to register, the affidavit of some reputable physician must be produced.

No person desiring to submit his name to the voters in a primary election can have his name printed on the ballots unless he notifies the committee at least fifteen days prior to the election, and complies with the terms laid down by the committee. Any elector, however, can vote for any person whose name is not printed on the ballot by writing the name of such person in the blank space under the appropriate heading and stamping a cross mark after the name.

No provision is made for those who have moved out of the precinct in which they registered, and who thereby lose their votes, it being necessary to leave as few loopholes for fraud as possible, and such a provision would open the doors to fraud.

Wants the Cash.

Owing to the financial stringency and the recent embarrassment of some of the banks of the State, State Treasurer Hale has demanded cash as payment of taxes, etc. No more checks will be accepted at least for the present, and Sheriffs and others having money to pay to the State will have to deposit in spot cash or not at all.

Miss Maggie Duke Watson is visiting her aunt, Mrs. W. R. Gill, of Washington.

Miss Annabelle Wheeler, of Cannell-ton, Ind., is at home on a few weeks' visit.

Miss Maggie May Kilgour, of Shelbyville, is visiting her aunt, Mrs. John A. Shroufe, at Dover.

Mr. and Mrs. Thomas Wilson, of Lewis County, are visiting Mrs. Wilson's parents, Mr. and Mrs. David Mannen, at Minerva.

Mr. G. W. Middleton and wife, of Reading, Penn., are the guests of Colonel and Mrs. Gus Simmons, of Aberdeen, en route to the World's Fair. Mrs. Middleton was formerly Miss Sallie Welch.

The Vanceburg Sun, edited by Dr. Huff, late Senator from the Fleming district, says: "Hon. A. P. Gooding, of Mayslick, Mason County, was in town Monday. Mr. Gooding is a candidate for State Senator in this district, composed of the counties of Mason and Lewis. As this seems to be Mason County's time to name the candidate it is more than probable that Mr. Gooding will be the man. Mr. Gooding twice represented Mason County in the Legislature, serving his last term the session of 1887-8, which was our first session in the Senate.

We had the pleasure of serving on several important joint committees with him and feel like saying that if this district must be represented by a Democrat we know of no man in the district more capable of representing the interests of the masses than him. We venture to say this much, feeling confident that Mr. Gooding will pardon us for the liberty we have taken in thus speaking of him.

What can be more pleasant after these warm days than a delightful evening ride on the steamer Lorraine? She leaves the wharf on Tuesdays and Fridays at 7 p. m., standard time, making the run up and down in front of city—a ride of over seven miles for the sum of 10 cents. Go down this evening and try one.

The internal revenue collections in Kentucky for the year ending June 30th were nearly five million dollars larger than for the previous fiscal year. The collections in the State were \$26,618,820.36. Of this sum the Lexington district contributed \$3,488,405.63, an increase of over \$700,000.

Mr. John Lester Williams, third son of Dr. Thomas O. Williams, died July 5th at the residence of his daughter, Mrs. Gallagher, of Dayton, Ohio. Mr. Williams was a brother of Mrs. William McClanahan, of the Fifth ward, and of Charles B. Williams, one of the early Mayors of this city. He leaves two daughters and one son.

R. Will Davis and Swift Hunter, young society men of Central Kentucky, quarrelled at a ball at Rose Hill Seminary, Versailles. Jealousy was the cause. A duel followed, but no harm was done, beyond a slight wound to Hunter. When will Kentuckians become sufficiently civilized and christianized to give up this barbarous custom?

At a depth of 2,200 feet in a Nevada mine a lake of boiling water has been found which is stocked with living fish. They are of a blood-red color while swimming about, but when taken out resemble fish. Some specimens that were placed in cold water and brought to the earth's surface were found to have died as soon as they had been removed from their hot-water home.—Exchange.

EXPOSED THE BRAIN.

A Delicate Operation Performed on Raymond Carr, Formerly of This City.

The Enquirer says: "Raymond Carr, a seventeen-year-old lad, was the subject of an extremely delicate operation Wednesday morning at Dr. Pythian's Emergency Hospital, Washington avenue, Newport. For some time past young Carr has been suffering with an abscess on the frontal bone over the left eye. An operation was deemed necessary by Dr. Charles Pythian, who operated with the assistance of Drs. Tingley and Higgins. The lad was given anesthetics, and a long incision was made in the part effected.

"The head was swollen to almost twice its natural size, and the sharp lance caused a flow of pus which even astonished the physicians. The skull was seen to be affected and fragmentary portions had to be removed, thus exposing the brain. The operation was considered successful by the physicians, but another will be necessary in the near future. The lad will be given vigilant nursing until his vitality recovers from the shock of the delicate operation."

Carr resided in this city a few years ago, his father, who was a shoe-maker, dying while here.

Give Babies Plenty of Water.

Well babies and babies of high and low degree, babies fed on the bottle and babies fed naturally may have water to drink in moderation if they want it. The water should be boiled and covered, not very cold—even warm if the child prefers it so. This is the opinion of a successful medicine man under whose treatment have come hundreds of babies. "So thoroughly," says this authority, "have I become convinced of the great benefit derived from giving water to sick babies that I now order it in nearly every case with fever, and it is astonishing to see how the restlessness and many of the symptoms we are apt to attribute to the pain and fever disappear when it is freely given."

"By freely I mean from one-half to two ounces immediately after or between the feedings. If given immediately after the feeding, a smaller quantity will of course be required. Time and again I have seen infants with measles, scarlet fever or pneumonia after a period of great restlessness fall into a quiet sleep when a couple of ounces of cool water had been given."

Killed With a Ball.

About two months ago while the Le-vanna boys were having a game of base ball, Lou Young accidentally hit Charles Hilton a blow with the ball just below the left eye. Immediately after receiving the blow Hilton ran to the river and put his head under the water to relieve the pain. Afterwards Hilton seemed to get better until a few weeks ago he grew rapidly worse and died July 18, of congestion of the brain. Drs. Dixon, Francis and Tyler, of Ripley, held a post mortem examination and found the brain clotted with blood and full of corruption.—Dover News.

There are five women County School Superintendents in Kentucky, and if the candidates in Franklin and Fayette are successful there will be two more added to the list.

The capacity of a watch for keeping good time is very much governed by its construction and its more or less perfect finish. Ballenger, the jeweler, has the very best to be had anywhere, and he guarantees them to be just as represented. Try him when you want anything in his line.

MR. AND MRS. JOHN M. HUNT have the sympathy of the community in the loss by death at one o'clock yesterday of their fifteen months old baby, little John Mullins Hunt, Jr. The child has been sick for nine days and died of congestion of the brain. Funeral at 2:30 this afternoon.

The tobacco crop in Mason County will undoubtedly be short. The acreage is about as usual but the plant is too backward to reach maturity before frost. The patches show very uneven growth, and unless the remainder of the season is extremely favorable farmers do not expect much of a crop.

Mason County politics is getting interesting and as the weather becomes warmer the fight waxes hotter. The candidates are thick but will yet be thicker for several dark horses are being groomed and are expected to enter the field any minute. There are some lively times coming on and the primary will not be lacking in interest. Look out for dark horses.

The excursion given by the Drum Corps of the Knights of St. John, last night, on the elegant and trim little steamer Lorraine was well patronized and all seemed to enjoy the trip thoroughly. Dancing was indulged in and the light fantastic toe was tripped to the sweet strains of Professor Venie's orchestra. Nothing occurred to mar the pleasure of the evening and the party was landed safely at the wharf at 10:45 o'clock.

The Dover News has the following complimentary notice of our clever County Clerk and his equally clever deputies. In this issue of the News we print the announcement of County Clerk T. M. Pearce as a candidate for the Democratic nomination to succeed himself. Mr. Pearce has no opposition, and even if he did have he would defeat all competitors easily. Mr. Pearce has been one of the most careful and competent County Clerks that Mason County ever had, and the people with one accord, will gladly give him another term. Mr. Pearce was fortunate in the selection of his Deputies at Maysville—Mr. John C. Lovell and Mr. Thomas Slattry, both are obliging and willing at all times to give information pertaining to the county records. Mr. Pearce is a staunch Democrat and is one of the aggressive men of our county Democracy.

AN INVENTOR AND FORGER.

C. R. Lockstead said to have obtained \$50,000 by it.

CHICAGO, July 28.—One of the queerest forgeries ever perpetrated in Chicago has been just made public, several large banking houses having been swindled out of amounts ranging from \$5,000 to \$28,000. The forger is Charles R. Lockstead, an inventor, who came to this city three years ago. His forgeries were confined exclusively to notes of the Westinghouse company.

Among the victims of the young man's clever pen are the Metropolitan National bank, although the officials say they are secured—it is said to be out \$28,000—the Chicago Trust and Savings bank, \$14,442; the Thirty-first Street bank, \$25,000; a man whose name the police refuse to give, \$10,000, and others. It is claimed by the police that Lockstead's forgeries will aggregate at least \$50,000, and probably more.

Lockstead is remembered as the man who made the lowest bid for the electric lighting contract at the world's fair, when he underbid all competitors by \$1,000,000, and finally secured the contract for the Westinghouse company. It was through this deal that he was enabled to gain the confidence of Chicago bankers. He claimed he was given \$50,000 by the Westinghouse people for his services in their behalf, which amount was paid to him in notes of \$10,000 and less.

DEATH OF GENERAL MORGAN.

He Was a Valiant Soldier and Served in Two Wars.

MOUNT VERNON, O., July 28.—A private telegram received from Old Point Comfort, Va., announces the death of General W. Morgan of this city, who went there for the benefit of his health some three weeks ago. A year ago last winter the general suffered an attack of grip in its most aggravated form, and has been an invalid ever since.

General Morgan was a hero in the Mexican war. In 1843 he organized a company at Mount Vernon, and was elected colonel of the Second Ohio, and served with General Zachary Taylor. For gallant and meritorious services in the battles of Contreras and Chieribusco he was breveted brigadier general in the regular army, and prior to his death for several years enjoyed the distinction of being the only surviving general of the Mexican war.

General Morgan also participated in the war of the rebellion and served with the Army of the Cumberland. In 1865 he was nominated by acclamation as the Democratic candidate for governor of Ohio against General J. D. Cox. He was three times nominated by acclamation and elected to congress from the counties composed of Knox, Licking, Coshocton and Muskingum. During the administration of President Pierce, General Morgan served as consul at Marseilles, from which he was promoted to the post of minister to Portugal.

COLONEL ANDRADE SHOT.

He Had Been Guilty of Crimes While Governor.

CITY OF MEXICO, July 28.—Colonel Jose Andrade, who, during the administration of the late General Manuel Gonzalez as governor of Guanajuato, was in charge of the Piedra Gorda district in that state, was arrested a few days ago upon the charge of committing a number of atrocious crimes in his official capacity.

It was alleged that he shot a number of innocent persons without trial. Upon being arrested Colonel Andrade was taken to the city of Leon, where he was tried, found guilty of the charges against him and ordered to be shot. When the death sentence was pronounced, the prisoner said he was ready to meet his fate, and that he would demonstrate that he was no coward. He was shot at daylight in a public part of the city. The execution was witnessed by hundreds of people.

A Fine Residence Burned.

CLEVELAND, July 28.—The handsome suburban residence of Mr. Dan P. Eells at Riverbank was totally destroyed by fire. The fire broke out in a bathroom on the lower floor about midnight. Its origin was thought to be due to a leaking gas pipe. It was not noticed at once and when it was finally discovered the flames had progressed too far for the limited means at hand to have any effect in extinguishing it. All the works of art, relics and other possessions gathered together in a lifetime were lost. The total loss will probably foot up to \$200,000; insurance not known.

Foundry Burned.

MONTREAL, July 28.—McDougal's foundry was destroyed by fire. The offices were saved. About 130 men are temporarily thrown out of work.

CONDENSED NEWS.

Short Items From Various Parts of the Country.

Claus Spreckels, just returned from Hawaii, predicts the restoration of the queen.

There are fears of a conflict between excited political factions in the state of Conhulla, Mex.

Mrs. John King eloped from Carlisle, Ky., with William King, her husband's brother. Both leave families.

Payment under the sugar bounty law last year were \$9,875,190, an increase of \$2,039,053 over the previous year.

The total collections of internal revenue for the last fiscal year aggregated \$161,092,000. The increase for the whole country was \$7,145,000.

Mrs. Jane Ross and her nephew, a lad of 14 years, were drowned near Owensville, O. The boy had gone in swimming, and, being seized with cramps, his aunt tried to help him out, but both were drowned.

Mrs. Leonard Fritzsche was shot dead in her bed at Burlington, Ia. Five people are locked up for the crime—Leonard Fritzsche, her husband; Charles Swanson, a neighbor; Swanson 16-year-old son and his 18-year-old daughter, and Lizzie Heltz, a domestic employed by the Fritzsches. The murdered woman was found lying on the bed close to an open window, and the charge is that some enemy fired the bullet through the window from the outside.

PROSPECT, O., July 28.—Dr. J. Langer was seriously injured by the explosion of a shotgun. The breach pin flew back striking him in the forehead, fracturing his skull badly.

Rolling Mills Shutting Down.

CLEVELAND, July 28.—The Cleveland Rolling Mill company, employing 4,000 men, have shut down all but three of their mills and reduced the wages of the 500 men at work in them. President William Chisholm says that this is due to the light demand for iron and steel and general stringency. He holds out little hopes of better times for the men in the near future.

Almost Lynched.

HAMDEN, O., July 28.—Elmer E. Sharrod set fire to his house, and when Marshal C. B. Walters was sent to arrest Sharrod the latter stabbed the marshal and also Arson Ogier. Sharrod was taken from jail by an angry mob and horsewhipped, and then cooler heads calmed the mob and Sharrod was taken back to jail.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.
